

Plastic Clever School action plan

What problem plastiC(s) are you going to taCkle?

Milk cartons and their straw packaging

Yoghurt pots

Plastic cups at the water fountain

What Can you do to reduCe it?

Discuss with the kitchen staff ways of reducing the amount of yoghurt pots used in school

Think of ways to successfully recycle or reuse the yoghurt pots that do come into school.

Have a Single Use Plastic Free Lunch day once per half term

Return to using larger milk containers for milk and distributing using reusable bottles and cups.

Replace single use cups at the water fountain with reusable ones. Contact Ikea for a donation?

What help will you need?

Speak to the office and SLT about changing back to larger milk cartons.

Contact Ikea about getting some free cups for the water fountain.

Speak to the kitchen and breakfast club staff about replacing yoghurt pots with larger ones.

Contact the local authority about packaging of food, in particular about yoghurt pots.

How will you know you've been suCCessful?

Milk is served in reusable bottles and cups.

Single use plastic cups are no longer used at the water fountain.

The amount of yoghurt pots used in school is reduced. Yoghurt pots get recycled or reused in some way.
