

# RECYCLE

In the United States, recycling is the process of collecting and processing materials that are thrown away as "trash" and converting them into new products. Recycling is an important part of the waste management process.

# Repair

Repairing broken items is a great way to save money and reduce waste. Instead of buying new items, try to repair the old ones. Repairing items is often easier than you think and can be a fun learning experience. Repairing items can be a great way to save money and reduce waste. Repairing items is often easier than you think and can be a fun learning experience.

# Reduce

Reduce your plastic usage. Use reusable water bottles and containers. Avoid single-use plastics. Reduce your plastic usage. Use reusable water bottles and containers. Avoid single-use plastics.

# REFUSE

Refuse plastic. Say no to plastic. Refuse plastic. Say no to plastic. Refuse plastic. Say no to plastic.

**Plastic Clever School**  
**action plan**

What problem plastics are you going to tackle?  
I got plastic bottles and cans  
I got paper cups and lids

What can you do to reduce it?  
The teacher is going to make a poster  
I will give out a poster to my friends

When will you do it?  
on the 1st of next week

Will you know you've done it?  
Yes, I will see the poster on the wall

# Plastic Clever School action plan

## What problem plastic(s) are you going to tackle?

E.g. Single use bottles and cups

That there are only 2 bins in the playground.

## What can you do to reduce it?

E.g. Get everyone to use a reusable bottle instead

two more litter bins rubbish.

## What help will you need?

E.g. Help to spread the message to pupils, staff and parents. Also, we'll need to speak to Mr. X to ask to stop ordering the single use cups.

El Tari will help us to put up more litter bins.

## How will you know you've been successful?

Everyone has a reusable bottle and the school has stopped ordering the cups.

When we see that there is almost no rubbish on the ground.
