

# LOWER ACADEMY ECO-COMMITTEE

Lower Academy Eco-Committee members meet once a week to discuss environmental issues both globally and within the school.

As part of their role, the committee help to raise awareness of the positive impact of recycling, the negative effects of littering and damage to the environment.

"We love to help take care of the school and to help the environment."

Emma.G, Jasmine.E, Praise.O & Sh'kyna – Year 7

"The Eco-Committee helps to reduce rubbish to make the school a more welcoming place." Gracie.M & Maria.S - Year 7

"The Eco-Committee is not just about looking to help the school's environment but also the World. We want to make sure that our school is clean and safe for everyone." Kaci.C – Year 7

"It is great to help people understand the importance of environmental issues and how we can all be more conscientiously Green." Aidan.J – Year 9

Well done to members of our Eco-Committee for your continued commitment to maintaining the school's clean & safe environment.
